

Artisan skills permeate into your life

This is the way Euri defines artisanal luxury

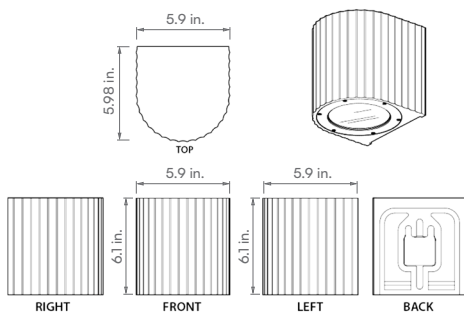

Product Design Motive

The Corinthian Wall Light draws inspiration from the pillars of the Temple of Apollo Corinth, located in Southern Greece, to deliver a modern classic ambiance.

Product Dimension

Corinthian

Concrete Wall Light

Model No. EOL-WL62CW-1100

Experience elegance with our Corinthian fixture, meticulously crafted from UHPC (Ultra High Performance Concrete) material.

Corinthian

Concrete Wall Light

Model No. EOL-WL62CW-1100

NOT YOUR NORMAL CONCRETE

The exquisite Corinthian fixture is crafted from Ultra High Performance Concrete (UHPC). While UHPC boasts superior density and strength compared to regular concrete, Euri has ingeniously employed proprietary technology to imbue it with a softer, finer texture reminiscent of ancient Greek Temple Pillars. When you encounter the Corinthian fixture, it not only captivates the eye but also elevates the entire surrounding ambiance, exuding luxury.

The light fixture is equipped with an E26 base socket, and it does not come with a light bulb

COLOR OPTION

- Cream White (EOL-WL62CW-1100)
- Cement Grey (EOL-WL63CG-1100)
- Dark Grey (EOL-WL64DG-1100)
