CCT SELECT T5 UEB
UL Type B - Single and Double Ended Bypass

The CCT Select T5 UEB lamps provide four field-selectable color temperatures for both single ended and double ended installations with only one product, and with true ELV dimmer compatibility!

UEB - Single Ended And Double Ended Bypass Installations

The lamps are engineered for both single ended and double ended installations, utilizing existing Shunted or Non-Shunted lamp holders. Removing the trouble of pre-inspection for installation feasibilities.

Four Selectable Color Temperature

The integrated SelectKelvin switch allows lighting professionals to choose CCTs based on their project's requirements, adding optimized flexibility to each project.

Balanced Light Output

GREEN CREATIVE T5 BYP/UEB eliminates the compatibility issue once and for ever. The compact design of driver enables a more balanced light output when installed in fixtures.
